Overview

This manual describes the onboarding process to our system through our Customer Service Portal.

During the onboarding process you will always have the menu on the left side with the next steps. A completed step has a checkmark. All steps must be completed.

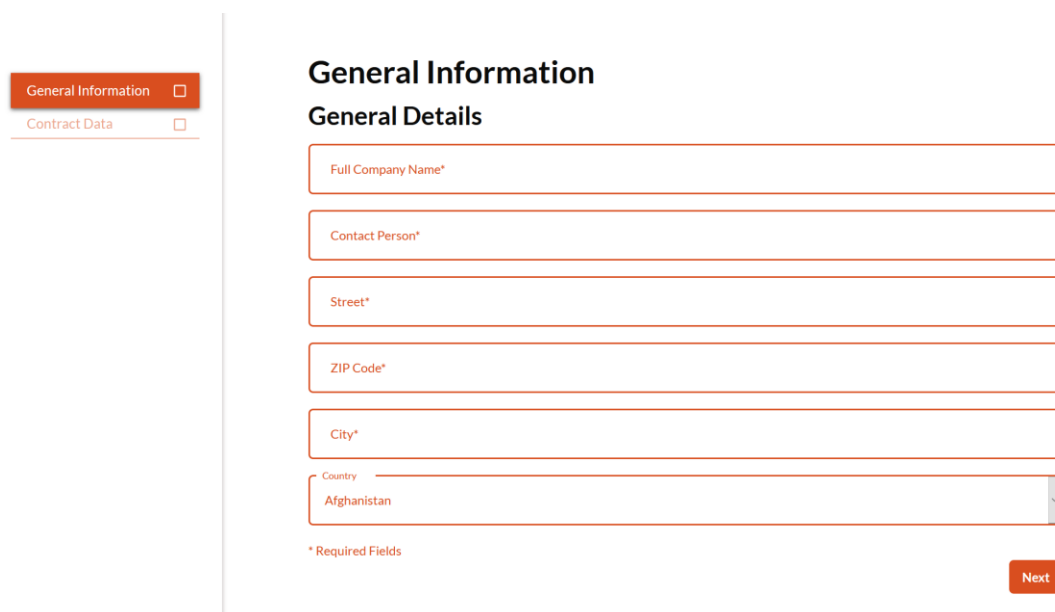

1. Customer Service Portal Account

Our main contact will receive an admin-account for our customer service portal. The credentials will be sent by mail as a one-time-link. By clicking on the link a password reset will be forced. This process is protected by a second factor through your provided mobile phone number. This is your master account which can add more users over the admin section described later. In any cases regarding the portal this account will be contacted.

2. General Information

The general information section consists of pages to prepare your account and the contract. Through three pages company information will be collected to prefill further forms.

Please fill in the VAT identification number if your company resides in the European Union.

The screenshot shows a web form titled "General Information" with a sub-header "General Details". On the left, there is a sidebar menu with two items: "General Information" (which is highlighted with an orange background and a checkmark icon) and "Contract Data" (with a square icon). The main form area contains several input fields: "Full Company Name*", "Contact Person*", "Street*", "ZIP Code*", "City*", and "Country" (a dropdown menu currently showing "Afghanistan"). Below these fields, there is a small text label "* Required Fields". At the bottom right of the form, there is an orange button labeled "Next".

3. Contract Data

In addition to your company details the place of jurisdiction is a mandatory information to complete the contract. This can be chosen in the section Contract Data. There are two options to choose from:

- Alternative 1 - by the competent courts in Frankfurt/Main, Germany, with the proceedings to be conducted in German
- Alternative 2 - by arbitration, held in Geneva, Switzerland. such arbitration to be conducted in the English language through the Swiss Chambers' Arbitration institution
